**Slouching Towards Gomorrah** Robert H. Bork,2010-11-16 In this New York Times bestselling book Robert H Bork our country s most distinguished conservative scholar offers a prophetic and unprecedented view of a culture in decline a nation in such serious moral trouble that its very foundation is crumbling a nation that slouches not towards the Bethlehem envisioned by the poet Yeats in 1919 but towards Gomorrah Slouching Towards Gomorrah is a penetrating devastatingly insightful expos of a country in crisis at the end of the millennium where the rise of modern liberalism which stresses the dual forces of radical egalitarianism the equality of outcomes rather than opportunities and radical individualism the drastic reduction of limits to personal gratification has undermined our culture our intellect and our morality In a new Afterword the author highlights recent disturbing trends in our laws and society with special attention to matters of sex and censorship race relations and the relentless erosion of American moral values The alarm he sounds is more sobering than ever we can accept our fate and try to insulate ourselves from the effects of a degenerating culture or we can choose to halt the beast to oppose modern liberalism in every arena The will to resist he warns remains our only hope

**Lost Boys** James Garbarino,2000-08-15 Remarkable What sets Lost Boys apart from the ordinary lament is the author s palpable sense of care and compassion The Washington Post Book World Our national consciousness has been altered by haunting images of mass slaughters in American high schools carried out by troubled young boys with guns It s now clear that no matter where we live or how hard we try as parents our children are likely to be going to school with boys who are capable of getting guns and pulling triggers What has caused teen violence to spread from the urban war zones of large cities

right into the country's heartland And what can we do to stop this terrifying trend James Garbarino Ph D Cornell University professor and nationally noted psychologist insists that there are things that we both as individuals and as a society can do In a richly anecdotal style he outlines warning signs that parents and teachers can recognize and suggests steps that can be taken to turn angry and unhappy boys away from violent action Full of insight vivid individual portraits practical advice and considered hope this is one of the most important and original books ever written about boys
